Thank you for a great 2nd week of school. I love seeing how everyone is supporting everyone and each child! It takes a team!

**Ed. Effectiveness**

It is that time of year that all certified staff need to participate in Ed Effectiveness orientation. I will be providing a few options for you to choose from to complete your orientation. Please attend one of the dates.

Options: 9/5 at 3:15, 9/10 at 7:30, 9/12 at 3:15, or 9/13 at 7:30.

**iReady Testing**

The iReady window opens on Monday. The window is from August 26th-September 12th. All students need to be testing in both math and reading in grades 1st-5th. Please let me know if you need help assigning the tests to your class.

As your class finishes testing, please print the parent reports and send them home. If you are unable to print, please let Allison know and she will help you.

**Tech Training**

If you are interested in any tech training individually or as a team you are welcome to sign up to have Dave Dewalldt come to school to support your Tech training needs.

Go to the website [https://www.thompsonschools.org/page/4082](https://www.thompsonschools.org/page/4082) On the left hand side there is a link for professional development. From there click on the link at the top of the page to complete a google form on the particular training you would like.

This is the website for the behavior video Heather showed at our late start this week. [https://youtu.be/4G_4U_6IB1U](https://youtu.be/4G_4U_6IB1U)
