Kindergarteners building relationships with each other!

PLC’s
We will not have PLC’s next week due to Parent/Teacher Conferences. Enjoy the gift of time. The following week we will begin our work regarding math. We will create an exemplar of your upcoming math unit assessment. We will also create learning targets and a plan for utilizing check for understanding tools for each week of the unit. This is important work for us as a building as we identify what is working for each student and how we continue to support their growth.
