Instructions for Setting Up Your iPad  
Student Version

- Do not skip any steps!
- If you get stuck on any step in this setup process, please see Mr. Van Horn in the library at your earliest convenience.

Setting up your iPad:

- Power on iPad.
  - Hold down top right button for 2 to 5 seconds.
- Follow the instructions on the screen.
  - Tap home button to move to next screen.
- Choose a Wi-Fi network
  - Select “THOMPSON-GUEST”
  - Wait for pop-up stating “Terms of Service”
  - Select “Accept and Continue”
  - Wait for the Thompson School District home page to appear
  - Select “Done” in the upper right corner
- Location Services
  - Must select “Enable Location Services”
- Configuration
  - Select “Next”
- Log in.
  - Username: same as your computer login
  - Password: student number (or 00 and then your student number)
  - Select “Next”
- Create a Passcode
  - Passcode must be your student number (without the double zeros).
- Welcome to iPad
  - Select “Get Started”
- Pop-up windows (may take a couple of minutes to appear):
  - “Edit Home Screen”
    - Select “Dismiss”
  - “App Installation”
    - Select “Cancel”
  - Change the name of the iPad.
    - Settings->General->About->Name
    - Change the name from iPad to: MVHS Student barcode number

The barcode number is on bottom of sticker on back of iPad.

- Apps will start to install after a few minutes.
- Might take overnight to receive all apps.
- **Recommended**: Even though you no longer need to sign in to iCloud, we recommend it so you can turn on “Find My iPad.”
- **Important**: Delete the following apps as soon as they appear on your screen (do this just one time for each app):
  - Pages
  - Keynote
  - Numbers
  - GarageBand
  - iMovie
  These apps are the wrong version. The correct version will reinstall overnight.

Charger:

- Make sure you receive a charger. Check the brick and cable for damage.

Apps:

- The most commonly used apps will automatically install on your device.
- The App Store is turned off, so you will not be able to install apps.
- If you are missing an app that you think you should have, look in “Self Service.”
- If an app is not in “Self Service,” then request the app to be pushed to your iPad by contacting Mr. Van Horn in the library.
