NATIONAL JUNIOR HONOR SOCIETY (NJHS)
What is NJHS??

- Nationally recognized organization that helps feed into National Honor Society (available in high school)
- A leadership club that focuses on community service to help our school, community, and even the world
- Works together to uphold the 5 pillars of NJHS
NJHS has 5 pillars we will work to uphold

1.) Leadership
2.) Scholarship
3.) Citizenship
4.) Character
5.) Service
Leadership

Throughout the school year NJHS will lead our school and community in various community service projects. As part of this we will emphasize strategies and traits that make us good leaders.

**Members will be asked to document that various ways that they act as leaders for their continued participation in NJHS**
In order to be a member of NJHS you must be an academic leader, getting 3’s and 4’s in all classes.

**You may ask your advisor teacher at an appropriate time to help check your grades to see if you meet this requirement**
NJHS will encourage our students to be proud wildcats. We are member of the community and will take ownership for the spaces we uphold!

We will have opportunities for students to apply to be officers and get involved in helping to run and organize our meetings. Students are expected to respect and understand the importance of civic involvement.
NJHS will give you various opportunities to get involved and volunteer not just at your school but also within your community!

As a member we will have required hours for community service and together during meetings students will be provided the opportunity to volunteer and work on some of our projects.
NJHS members are being honored as leaders within our community. It is expected that our members remain positive leaders throughout school encouraging inclusion and supporting all peers.

All teachers in the school can and will communicate any issues in the classroom with character to the chapter advisor (Ms. Mawlawi) and these students may risk losing their spot in NJHS.
WHY JOIN?

▫ THIS IS FUN!!!
▫ Allows you to practice leadership and community service skills
▫ This looks great on college applications
▫ Ms. Mawlawi will bring donuts to at least one meeting

Let's do it
"Next Steps"

1.) Ask your advisor for an application! (They may give you one without asking)
2.) Read through it with your parents!
3.) Join!!
