Message from the Principal

Even though our school year is ending very oddly, I reflect on our nearly seven months of in person learning and these past several weeks of remote learning and am so proud of our students and staff. Each day our staff worked diligently to educate, comfort, support, and develop nearly 600 young minds from Kindergarten through eighth grade. Our students come from as many backgrounds as colors in the rainbow, so this is no easy task, but one we take to heart. This task was made even more challenging through the remote learning environment, but our students continued to connect and learn through the persistent, thoughtful, and diligent work of our HPS staff and the support of you, our amazing parents/guardians!

We will continue to refine and implement online learning activities to keep students engaged so that they finish their school year strong. Thank you for supporting your child(ren) in their learning. Most of all, thank you for sharing your child(ren) with us and for your support throughout the school year, whether you volunteered, helped your child at home (before remote learning and during!), attended student led conferences, participated on a committee, or just cheered your child on at any of the many events this year. Great students start with great parents!

We look forward to the day we can see each of you in person. Until then, stay healthy, safe, and positive.

Sincerely,

Danielle Feeney, Principal
Continue Learning!

A couple of weeks ago, families received a communication from TSD that speaks to our current state of remote learning and the district's accommodations for the challenges, including limited internet access, students may have in this new learning environment. We would like to provide some clarification on the grading for this fourth quarter as we conclude the end of the first week of each student across TSD receiving new content.

The district grading guidance takes into account the extenuating circumstances many families are currently experiencing. Thus, implementation of the “hold harmless” third quarter grade was intended to not penalize students for personal struggles they may face while working and learning in the new setting. However, the expectation remains that students are actively participating and learning through the remainder of the school year.

**TSD would like students to complete lessons and stay in contact with their teachers.** Teachers will provide feedback to students and will grade assignments, giving students an opportunity to improve the grade they earned prior to spring break. In other words, feedback continues to be added to the gradebook so students can see their level of performance throughout the fourth quarter. The fourth quarter content includes the instruction of skills and concepts that are essential to student success in the next course sequence. Therefore, it is imperative that students continue to participate in the class instruction.

Parents, we ask for your support in encouraging students to continue engaging in their classes so that they are well prepared for their classes in the next school year. If parents feel that their student or students may have learning gaps in their knowledge, TSD is offering tuition free summer school to support remediation for grades K-12 for ELA and Math (see details below). Please know we certainly want students to enter next year with skills for success and to be on track for the Fall. As parents/guardians, you know best what support you and your child may need; please do not hesitate to reach out to High Plains’ teachers, counselors, or administration to let us know how we can help.

Our teachers, counselor, and administration are monitoring student engagement throughout this quarter and will be reaching out to families when there is concern over a student's lack of engagement. We recognize we must be compassionate for students' circumstances during this challenging time, and we must balance that with our obligation to prepare students for their next level of learning. We ask that you partner with us in preparing all students for a successful experience.
Supporting Your Child’s Learning from Home: A New Resource from IRIS

Anxiety. Uncertainty. That infuriating Wi-Fi connection. The office just asked you to log-on to another unannounced virtual meeting, and you’re still trying to decide what "class" is going to look like today for the kids. As schools across the country and around the world are closed in response to the outbreak of COVID-19, parents everywhere are searching for reliable, easy-to-understand resources to support their children’s learning at home.

The IRIS Center has created a new module specifically for parents to address this urgent and growing need. Parents: Supporting Learning During the COVID-19 Pandemic offers practical tools and easy-to-implement strategies to help. Parents: Supporting Learning During the COVID-19 Pandemic can be accessed free of charge on the IRIS Center's Website. The Iris Center is supported by the U.S. Department of Education’s Office of Special Education Programs, IRIS is located at Vanderbilt University’s Peabody College.

Last Day of School & Summer School

The last day of school is Friday, May 22nd, but all TSD students, K-12, can continue their learning through FREE opportunities offered by Thompson School District. Please check out the information and registration details at https://www.thompsonschools.org/page/21864
Recognition Assemblies

Although we cannot physically gather to recognize our students, staff are planning several ways to honor our students for their academic achievement and growth, Bison character, creativity and to close out the year and honor our 8th graders, as they move on to the next leg of their educational journey. Any recognitions will be videoed, so families can enjoy them at their leisure. These recognitions will be shared the week of May 18th, our final week of school.

PTCO Support and Recruitment

First, High Plains students and staff wish to thank our PTCO for all of the support they have given us this year. The PTCO has provided funds to support technology, field trips, professional development, academic materials, and much more. Not only do they support us monetarily, but also by organizing great community building events like the Trick or Trunk, Spring Carnival, and spirit nights. THANK YOU!!! A special thank you to our wonderful PTCO board members, Nancy Wolfgang, Candie Joshi, Jessica Soulek, and Mary Valine! They have supported all of our students, staff, and community and continue to do great work on behalf of HPS.

Our PTCO (and our nearly 600 students) needs your help though. PTCO has the following positions open beginning the 20-21 school year: President, Vice President, Secretary, Faculty Liaison, and Volunteer Coordinator. In addition, the great events and fundraising PTCO does need parent/community volunteers to help organize these activities. Please contact any of the PTCO members at HighPlainsK8PTCO@gmail.com to find out how you can help! PTCO website: https://www.highplainsptco.org/home (also linked from the HPS website under family & community.

Hold the date: May 15th PTCO will be holding a virtual meeting...more information to come!
**Talent Show**

There were 23 acts that auditioned for the Talent Show and all 21 acts made it through and this includes the middle school act and the staff lip sync.

Please check your parents' emails for information regarding the final video that is due May 8th. If you did not receive an email from Ms. LaBianca, please let me know.

The final video of all acts will go out to the community on May 21st.

We have some amazing talent in our community. There are so many students who can really sing well or who play instruments like a pro. We are so proud of all those who entered with an audition video.

Thank you to everyone who participated!

Ms. LaBianca

Mr. Kubichek

---

**Words from Wardlow**

Words from Wardlow  Here is the next edition of The ABC’s to Success at HPS X is for eXhausted, Y is for Yesterday, and Z is for Zebra.

**X is for eXhausted.** Working in a new virtual world does not mean we are working harder than before. We are however, working differently than before to ensure our students continue to have a safe and inclusive learning community, quality instruction, and are being supported in this new way of learning. This new way is equally exciting and demanding. We see dining rooms and offices turned into classrooms. We have virtual meetings that staff use to collaborate and plan. Staff are leading their own pathways to providing instruction with at home learning. The unwavering dedication and passion for teaching/learning is clearly evident. And I cannot say enough about our community. Parents/Guardians are stepping up and taking on new roles, co-teachers. The feelings are astronomical and we are all in various places with stress and emotions. But one thing I know I am feeling, and I believe many are is eXhausted! I am eXhausted with the influx of media, the demands of juggling work and home. I am eXhausted as I think about our community, our district, and our world. So how might we support you and your family? Reach out to us, contact teachers, staff, Mrs. Case, Mrs. Feeney, myself. Let us know how you are doing and what you need. Check out the HPS FaceBook page. There are inspiring and positive messages and pictures. Post some of your own. Practice, model and stress self care to your children. Access the Second Step SEL lessons on Google Classroom. We are BISON STRONG
Words from Wardlow,

Y is for Yesterday. The Beatles sang, “Yesterday. All my troubles seemed so far away. Now it looks as though they’re here to stay.

Oh, I believe in yesterday.” We are living in unprecedented times, no doubt. But as I embrace each day, I am intentional about looking for the silver lining. My family is together everyday now. We are eating dinner together every night, playing board games, building puzzles, and watching movies. We are connecting with family virtually around the US. And the one thing that is the biggest silver lining, we are telling stories. We are talking about events of all the yesterdays. We are remembering trips we have taken, our kids are learning about our experiences and challenges from our younger years, we are passing down stories through talking and listening. This leads us into talking about tomorrows. What will we do and where will we travel? How will this forever change us? Spend time talking about your childhood, create a family tree, relive events by sharing pictures or stories, create a time capsule so today can be re-lived in the future. Don’t let the troubles get in the way of the silver linings.

Z is for Zebra. Yes, you read correctly, zebras. If I asked you to tell me about a zebra I would assume the first thing would be they are black and white with strips. And, you’d be correct. But did you know zebras are extremely social? They spend their days in herds, grazing together, protecting one another, and taking care of one another. Within the herd you will find smaller units of zebras. These family units stay together but will also combine with others to have additional support and care. When the smaller groups are joined to the larger herd they still maintain the closeness of the family unit. Zebras may seem docile but they can be fierce. The social bonds they have, and the strength of the animal, protect them and their family unit from danger. These incredible animals will form a semi-circle facing the predator to stand together as one. All for one and one for all. We may be Bison at HPS, Charging through Failures and Stampeding through Challenges, but we are also Zebras. We have a strong community from classroom, to grade level, to school and community; we are one. Virtual learning cannot stop our connections! When your child(ren) are feeling disconnected, reach out! Set up a google meet with family or friends. Reach out to a staff member, including me! Talk about the classroom of yesterday and what is positive about the classroom of today. Be a zebra, stay safely social. Be there for others, check in with family and friends and advocate for what you need. At HPS we have built a FULL circle around our community. We are Bison Strong and Zebra Supportive.
100 Mile Club

100 Mile Club runners: Be sure to email Mrs. Bellinghausen when you are running. She is still logging our laps and miles. We will have a medal ceremony at some point in the future. So proud of you!

terri.bellinghausen@thompsonschools.org

Yearbook

Hello Bison Families,

Our High Plains Yearbook is currently being printed at the Josten’s plant and will be ready to distribute in May. We will have more details soon about how and when we will hand out the yearbooks before the end of the school year. There are only 30 yearbooks left to purchase so buy yours today. Please follow this link to purchase the yearbook online. http://jostensyearbooks.com/?REF=A07636340

Feel free to email Mark.Kubichek@Thompsonschools.org if you want to check to see if you ordered a book yet.

We are also including a special Coronavirus insert that documents the times we are in.

We will not be able to sell yearbooks on the spot when you come to pick up your personal items. To get a yearbook this May you must order ahead of time. We will sell any leftover yearbooks in August when we return to school.
What to Do with Our Library Books, Ebooks, and Protecting Our Kids’ Privacy: Learning at Home

Warm greetings from the HPS library!

Library Books:

Thank you to all who have reached out for information about returning HPS library books. During the week of May 11th, all families will have an opportunity to pick up belongings and return school materials, including library books. Communication about this will be forthcoming; in the meantime, enjoy the books and “Thank you!” for taking such good care of them!

Ebooks:

Don’t forget about the wealth of ebooks we have available to us through Sora. In case your child hasn’t done so yet, here’s how to access this enriching resource:

1. Go to Sora.
2. Click on "Find my school."
3. Select any Thompson School District school (all the same account).
5. Sign in with your child’s district log-in. Please contact me (megan.mcgee@thompsonschools.org) if you have any questions about this.
6. Notice the different options (you can search by popular subjects, genres, or other categories) and enjoy browsing and then checking out a book.

Online Privacy:

As we are spending a lot of time online learning and engaging with others, it’s a good idea to consider steps we can take to protect our online privacy. The very same sites and apps that we access for information, entertainment, and connecting are also collecting information about us. Take a moment to go through these helpful resources and ideas provided by Common Sense Media.

If you should experience any difficulties accessing resources or have any questions, please contact me, Mrs. McGee (megan.mcgee@thompsonschools.org).

Take care, keep wondering and learning, and be happy and well!
Coach B’s Corner

Hello HPS community,

I am pleased to announce that High Plains school has been granted free access to the Sworkit fitness app through the Sworkit Youth Initiative! Sworkit has a library of workouts including kids workouts that you will have access to once you create an account through your TSD email address. Here are the instructions to get started:

Sworkit Account Creation Instructions:

Step 1: From your web browser (not your mobile app), go to:

https://app.sworkit.com/redeem/SYI202003726

Step 2: Select “Sign in with email” — input school email, name and create your account password

Step 3: Your code will automatically be applied. Your Sworkit membership is valid for one year. A new code will be provided next year through your school point of contact.

Step 4: Once the account has been created, then download the mobile app on any mobile device or tablet for more flexibility with use. When signing into the mobile app, use the same email and password that were used to create the account on the web browser.

Step 5: Explore the app — there are a lot of workouts to choose from and you can select any workout for any amount of time. Sworkit should be used with adult supervision.

Stay active Bison!

Coach B

Bison Sports Information May 2020

Upcoming:

Due to COVID-19, all sports have been cancelled for the remainder of the 19-20 academic year

TSD is working on refunding all track and field fees for the cancelled season

Please check the website http://highplainsathletics.weebly.com/ for updated athletics information

There will be a virtual meeting on Wednesday, May 6th at 6:00pm for all incoming 6th–8th grade athletes and parents interested in HPS athletics for the 20-21 school year.

The google meets code is hpssportmtg2021

You will need to use your student’s TSD google account to access the meeting.

HPS offers 5 sports throughout the year

Boys and Girls cross-country - Fall
Girls volleyball – Fall
Boys basketball - Winter I – mid October-winter break
Girls basketball - Winter II – January-end of February
Boys and Girls track and field - Spring
TSD 2020
Online Summer School
FREE and available for all TSD Students

Link2Learning K-5
June 1- 25. M-TH Virtual Classes and activities
Engaging Learning Experiences: For students currently in Kindergarten through 5th Grade seeking additional opportunities to develop math and literacy skills in a variety of content areas
Questions contact: Niki Van Essen at niki.vanessen@thompsonschools.org and Erika Lopez at erika.lopez@thompsonschools.org

Link2Learning 6-8
June 1- 25 M-TH Virtual Classes and activities
For students seeking additional opportunities to develop math and literacy skills. They will be able to participate in project-based experiences that have integrated literacy and math skills in a variety of content areas.
Questions contact: David Popp at david.popp@thompsonschools.org.

High School
CREDIT RECOVERY: Utilizing FuelEd curriculum for students who failed a required class needed for graduation. Students are able to take 2 classes free of charge.
Students who passed an ELA or Math class 2nd semester may also retake that course, free of charge
GET AHEAD CREDIT: Utilizing FuelEd curriculum for students who wish to take a class during the summer to free up their schedule for fall classes. These classes are $100 per class and $175 for 2 or more
Questions contact: Ashley Blair at ashley.blair@thompsonschools.org
~ Summer Enrichment Program ~

Please join us for this virtual learning summer enrichment opportunity!

Language development is a continuous process that requires daily practice. The English Language Development is offering this summer enrichment program to provide opportunities for English instruction, practice, and interaction with peers during four weeks of the summer to prepare students for the 2020-2021 school year.

Free and open to students in grades 2nd-12th
June 1-4, 8-11, 15-18, 22-25
Join virtually Monday-Thursday for 90-120 minutes daily!

Small groups to support learning
Learn from home!
Connect with other students across the district!

### Author & Actor Online Storytimes

- **Ben Clanton Facebook Storytimes**
  Join children’s book author and illustrator of the best-selling Narwhal & Jelly series in some goofy storytimes!

- **Jarrett J. Krosoczka Drawing Webcasts**
  Award-winning author and illustrator will be hosting free drawing webcasts every weekday at 2pm EST for at least the next few weeks.

- **Mo Willems Lunch Doodles**
  Around the world, people of all ages have joined Mo Willems in his studio for weekday LUNCH DOODLES. The three-week run, all 15 episodes and their downloadable activities, are archived here. Let the doodling continue!

  **#operationstorytime**
  Many famous people are sharing their love of reading by posting videos of themselves reading children’s books.

- **Pete the Cat**
  Watch videos of some digitized Pete the Cat stories!

- **Storyline Online from Screen Actors Guild**

### FREE eBooks & audiobooks

- **Front Range Downloadable Library**
  The Loveland Library still has you covered, we have a wide variety of items for all ages! Including ebooks, movies, television series, music, magazines and more for you to access electronically!

- **Hoopla**
  Have you checked out the #hoopla #bonusborrows collection? Check out over 1000 top titles and hoopla favorites that won’t count against your monthly limit! Use your Library card from Loveland Public Library to access.

- **Pebble Go**
  PebbleGo is a curricular content hub specifically designed for K-3 students. Packed with informational articles, ready-made activities, and literacy supports for students of all abilities.

- **TumbleBooks**
  TumbleBook Library is a curated database of children’s e-books. Tumblebooks also has platforms with content for older youth and adults.

---

Loveland Public Library is closed through April 26, 2020 (subject to change). The library will not be accepting material returns during this closure + due dates will be extended beyond the closure.
# Online Resources

## eLearning Support

### Authors Everywhere!

Youtube Channel created and run by children’s book writers and illustrators. On this channel, you’ll find workshops, readings, activities, art projects, writing games, writing advice, and more.

### BrainPOP

BrainPOP is offering free access to kids, families and educators. BrainPOP is here to help you and your curious learners stay informed and on-track with free access during school closures. They have resources for K-12 and for English Language Learners.

### #colorourcollections

Some of the world’s art enthusiasts (including 101+ museums) invite viewers to download and then color some of the most famous, cultural mainstays around the world.

### Education Companies

Here is a big list of education companies that are offering free subscriptions due to school closings, check out this curated list on a blog post from kidsactivities.com.

### Lakeshore Learning Curriculum

If you’re a parent wanting to help your child learn at home or a teacher looking for activities to send home with students, we’ve got you covered! You can explore more than 1,000 free resources...that are designed to support essential skills in math, language, science and social studies for pre-k through elementary grades.

### Scholastic Learn at Home

Need some extra activities for the kiddos learning at home? Check out these frequently updated, free, day-by-day projects and learning activities for grades K-9 (some 9-12) from Scholastic!

### Share your Story! with the Loveland Museum

In this history-making circumstance, the Museum invites residents to make their own history, literally, by sharing stories and photos of ways the COVID-19 pandemic affects them.

## Speech Language & Reading Support

### Children’s Speech & Reading Center is supporting kids with speech & reading digitally. Contact Laura at (970) 419-0486 to schedule your child for tele-therapy at home.

## STEM learning

### Science, Technology, Engineering, Math

### Bedtime Math

Bedtime Math’s primary goal is to help kids love numbers so they can handle the math in real life. With loads of resources for parents and educators alike, have fun with math while at home!

### Girls Who Code at Home

Girls Who Code is making CS educational activities available for download free of charge, to anyone who wants to access them. We will release activities weekly — some online, some offline, of varying levels of difficulty. Each activity will include a feature of a woman in tech who pioneered innovative technology.

### Quarantime with Science Mom & Math Dad

Helping kids discover science through hands-on activities. New videos each Wednesday!

### Science Buddies

Science Buddies empowers K-12 students, parents, and teachers to quickly and easily find free project ideas and help in all areas of science from physics to food science and music to microbiology.

### Tumble Math

A database of K-6 math ebooks and activities. Please use username: tumble2020 and password: A3b5c6
