**Annual Family Update**

If you plan to continue attending school in the Thompson School District for the 2020-2021 school year, please complete your Annual Family Update.

This is a very important step in ensuring we have correct contact information, emergency contacts, permissions and health updates. Once this is completed, your student will be added to a class list.

Attached is more information about the Annual Family Update should you need additional assistance.
Annual Family Update, continued...

Annual Family Update
Via Parent Portal

The Annual Family Update Link for the 2020/2021 school year is available on Parent Portal from January to August. A parent/guardian in the student’s primary household must review (and update as needed) the student’s household information, emergency contacts, and health information. Parent/guardian will also review and sign permission forms for the 20-21 school year.

1) Log in to your Campus Parent Portal account at the website address listed below.

   https://thompsonsco.infinitecampus.org/campus/portal/thompsoa.jsp

   (If you need assistance with your Portal account, email portal@thompsonsco.org)

2) Click on “More” located on the bottom left side of the Portal Home Page and then click on the Annual Family Update Link as shown to the right.

3) Click on Begin Registration.

![Begin Registration]

The application will open in another window. Be sure to allow pop-ups on the browser. Follow the prompts to view and update information as needed. For address changes, your school may require proof of residency. To add a new student, click on “Add Student” from the Student Tab.

4) When you have completed the application, click the red Submit button. You’ll receive an email confirming that your application has been submitted.

Troubleshooting Tips for completing the application:

If the application does not open when you click on the Annual Family Update Link, disable the web browser pop-up blocker. (See page a for pop up blocker browser settings).

If you close the application before completing it, you can return to the application following these same steps.

If you don’t see the link...

- Be sure you’re logged into your Parent Portal account, not the student’s account.
- If the student is in two parent households, the link will appear on the Portal of the guardian of the primary household as set up in the student database. (Secondary household parent/guardian can update their household data on Portal under the Family Members and Household links.)
- If you still do not see a link and you are the guardian in the primary household as set up in our system, contact your student’s school to verify household data.

If you need support with the online registration application, call the Central Registration Office at 970-623-6877 or email onlineregistration@thompsonsco.org.

School ID-85566
We would like your feedback!

Each year, Thompson School District examines the needs of our schools and then allocates federal funds for future improvement efforts. This process is done through the Consolidated Federal Application, which requires school districts to provide descriptions of the activities that they will implement.

Please take a few minutes to submit your feedback by June 1st on how we can continue to improve the achievement of all of our students.

All comments will remain anonymous. The district reviews all submissions and uses them to shape each year's application.

Submit your feedback: https://bit.ly/3dPe4qf
Loveland Public Library Summer Reading Program

It's almost here - Loveland Public Library's Summer Learning Program! Registration begins in *5* days; visit loveland.readsquared.com to register, and get ready to get your summer learning on!

Colorado Classroom: Read with Me at Home

In response to school closures across Colorado, Rocky Mountain Public Media in partnership with the Office of the Governor, the Colorado Department of Education, and the Colorado Education Initiative, will provide K-3 learners, their families, and caregivers with direct-to-home remote literacy learning on broadcast and online.

Starting today, K-3 literacy lessons will be broadcast Monday-Friday from 8am-10am on Rocky Mountain PBS.

Lessons will also be available for free streaming online: https://bit.ly/3cIU48H
