Dear Parents:

SAFE ROUTES TO SCHOOL wants you to be safe when getting your kids to and from school. We are providing you with the HIGH PLAINS “KNOW PARKING” Traffic-Flow MAP and some general guidelines for traffic flow during drop off and pick up times to make getting in and out of the school an easy and safe process for everyone.

ARRIVING: Please use the “HUG & GO” parent drop off zone to drop off and pick up your student(s). This area has been specifically created to make it easy for parents to drop off their students at the sidewalk and pull through back out to the street. Please be courteous to vehicles entering and exiting the “Hug & GO” zone. Allow room for vehicles pulling in and out of drop off areas, be safe and be courteous to your fellow parents.

**Once out of the vehicle students should go directly to their designated line-up areas.**

Only let children out of your vehicle when you are at the sidewalk at the “HUG & GO” zone.

ENTER at Buffalo Mountain Drive - Drive FORWARD and follow traffic through the “HUG & GO” drop-off zone. Do not enter the Early Childhood parking and drop-off zone – entering the EC area will only make it more difficult for you to exit. Follow the Orange Arrows on the Map.

EXIT at Lost Creek Drive - RIGHT TURN ONLY! No left turns will be allowed to keep the traffic flowing. If you need to get back to your neighborhood, drive out to the roundabout to come back around.

If you must park, use the Open Parking area and walk your child to the school using the provided crosswalk.

USE THE CROSSWALKS The crosswalk is there for your safety, please do not cut across other traffic areas or walk between cars parked on the street. The Open Parking is one-way traffic only and you may exit from the parking lot onto Buffalo Mountain Drive. See the blue arrows on the map for details. If you park on the street on Lost Creek or Buffalo Mountain Drive

NO PARKING ZONES:

- **In the Hug & GO Zone** - it is for drop off only! Let your children exit your vehicle safely on the sidewalk then exit the parking area quickly.
- **On Lost Creek or Buffalo Mountain Drive** – these are residential areas, parking on the streets will impede traffic and make it more dangerous for children walking and biking to school.
- **On Boyd Lake Drive** – this is a NO PARKING zone. Do not drop off children here – it is dangerous!
- **In the bus loop** – this area is for buses and emergency vehicles only. Do not drop off your children in the bus loop, drive around to the “Hug & GO” zone where it is safer for your children.
- **Staff Parking Lot** – this area is for staff only.

Remember, always be aware! Watch for children walking across the streets, follow the designated speed limits, and pay close attention to crossing guards and staff. Also, consider letting your child walk or bike if you live near the school or set up a school carpool. Less automobile traffic plus more families walking or biking to school equals a safer pedestrian and bicycling environment and less traffic congestion for everyone. We encourage you to walk, bike or carpool to school at least once or twice a week!

Have a happy and safe school year!
HIGH PLAINS “KNOW-PARKING” TRAFFIC-FLOW MAP
