In Our Class:

This month we are working on multiplying and dividing by 6, 7 and 8’s.

In Science we are learning about plant traits.

In Reading and Writing we have been reading and writing fictional stories.

We will be starting our PBL at the end of the month. We will be learning about the Colorado raptors and what affects its habitat.

Don’t Forget:

Please don’t forget to send a water bottle each day since the water fountains are turned off.

Math Facts practice is a must each night.

Students should be filling out their planners each day and asking you to sign it once that have completed their homework.

Dates to Remember:

Oct 12-14 Conferences
Oct 12-14 Book Fair
Oct 14-15 No School
Oct 19 6:30 PTCO Meeting
Oct 29 PTCO Trunk or Treat
