What to expect at Conrad Ball Middle School

You will enter the gym for volleyball on the North side of the gym. Use the east door on the blacktop. Someone will let you in. Visiting team will use the west end of the bleachers and they will be marked to have correct spacing. Visiting team will use the locker rooms for the bathroom only (please come dressed to play) on that same side. Once the game is over we will ask that you leave through the front gym doors.

If the visiting team shows up with 2 teams on a bus, we will put you in rooms and coaches will be responsible for supervision.

We will open the doors to enter the gym at 415 (no earlier) as we have P.E. classes still finishing up. For the second and third games we will open the doors after the first game is complete and all people have left the gym.

We will be doing a live stream as well. Coaches will be able to send a link to our families the day before the event via the Talking Points app. Visiting teams can access the link through the school website. It will be posted on the front page under CBMS News as well as in the Athletics section under Volleyball.
