Centennial Elementary is proud to partner with the YMCA of Northern Colorado in providing before and after-school care for K-5th grade.

BEFORE & AFTER SCHOOL CARE FOR K-5TH

At the Y, we believe knowledge, skills and values learned early in life create a foundation for the future. We also believe in the power of fun and games, creativity and curiosity, friends and role models. That's why YMCA Before & After School Care sets out to give kids both smile-inspiring escapades and foundational experiences that helps them grow as individuals. Whether it’s getting homework help, exploring science concepts, enjoying outdoor playtime or creating group art projects, the Y provides a safe, supportive environment that focuses on learning and developing interests and making friends.

Plus, parents enjoy the peace of mind of having a state-licensed program in their child’s school as well as affordable rates and qualified, trained staff.

The Y offers full-day care on all TSD school days off except the following: Sept 5-6, Nov 23-25, Dec 22-23, Dec 26, Dec 30, Jan 2, Jan 16, Feb 20, May 22-25, May 29.
