Students will work with their counselor to determine which time slot works best with their schedule.

CONCURRENT ENROLLMENT COLLEGE CLASSES

Students are eligible to enroll in college classes offered on the college campus and receive district funding for tuition.

Students will indicate their interest in this option through their registration form. Any student who has requested course number S210 and/or S211 will be invited to an informational meeting each semester where the appropriate paperwork will be distributed.

S210 indicates a desire to attend concurrent classes during first semester. S211 indicates a desire to attend concurrent classes during second semester.

CREDIT RECOVERY – S029

Any student who needs to recover credit from a previously failed graduation requirement, will need to enter S029 to indicate to your counselor that you want to be enrolled in LHS Credit Recovery. This should be the last class listed on your course request sheet (lowest priority)

NOTE: It may not be possible to schedule sophomores for the 2022-23 school year. Your counselor will work to get you enrolled in the class as soon as possible.

CLASSES AT OTHER HIGH SCHOOLS

You may not be able to enter the numbers in your course requests but you can write the numbers in on your registration form. Please make sure to discuss these options with your counselor. Two of the most popular programs are:

Criminal Justice Program @ TVHS – one class period for the entire year. Course numbers are: 5712/5746/5748/5750

Aerospace Engineering @ MVHS – one class period for the entire year. Course numbers are: 8410/8411

ATHLETIC ELIGIBILITY

All athletes must be enrolled in at least 2.5 credits during the semester(s) of participation AND the previous semester. Students participating in CHSAA-sanctioned activities (Music/Speech & Debate/Student Leadership) must also be enrolled in 2.5 credits during their semester(s) of participation. This does not necessarily translate to five classes. Check with your counselor or the Athletic Department for clarification. Please take these requirements into consideration when signing up for classes.

POTENTIAL COLLEGE ATHLETES:

NCAA and NAIA athletes are required to complete specific core course requirements for initial college athletic eligibility. All core classes listed on this form except ELA S/L A: Theatre are approved for NCAA eligibility. If you have any questions, please contact the LHS counseling office.
