

SCIENCE FAIR 2017

The science fair was a big hit! We had over 50 kids participate this year. Thank you to all our scientists who participated, Student Lighthouse members, and our amazing volunteers. Our judges were members of the Student Lighthouse and made the decisions on 1st, 2nd and 3rd place winners based on a rubric created by Dr. Martin. Every student in the school voted for the science project they thought was the best. Their votes were tallied and the Student Choice Award was made.

Student Choice Award

Dakota Gregg-Mitchell – Electro Magnetic

Kindergarten:

1st place – Emmalin Lopez – The Liquid That Cleans a Penny Best
