Dual Language Advanced Spanish 6th Grade

Contact Information: eduard.valios@tsd.org

Course Description: This course is a continuation of the Thompson School District Dual Language Program. This Dual Language Spanish course, a series of thematic units in literature, social studies, current events, and science, which is a continuation of the development of literacy and cultural knowledge and understanding in Spanish at the Intermediate range on the ACTFL Proficiency scale. Students will be engaged in tasks and activities by integrating the interpersonal speaking and writing, interpretive reading and listening and presentation speaking and writing skills.

Class Expectations: Mastering a foreign language takes time and effort; in order to help this process, students in class will be exclusively exposed to Spanish, so they need to be focused and try to use this language at all times.

Grading Policy: There will be a continuous assessment based on their performance in class and tests that will be taken at the end of every unit.

Homework Policy: Weekly assignments will be given, mainly to provide more practice on the structures and vocabulary that has been reviewed in class. A Google classroom will be available to follow the different activities and assignments when a student can't come to class.
