Dual Language Social Studies, Spanish 6th Grade

Contact Information: eduard.valios@tsd.org

Course Description: This course is a continuation of the Thompson School District Dual Language Program. This course provides a greater understanding of social studies inquiry, including history, geography, civics and government, and economics within the study of the Western Hemisphere. This course focuses on the history, culture, and government of various specific world societies in North, Central, and South America. Students develop skills used in the social studies disciplines. The content aligns with the Colorado state standards for Grade 6 Social Studies. All Dual Language courses are taught 100% in Spanish.

Class Expectations: Students are expected to be focused on the subject, participate as much as possible during the activities and use Spanish at all times.

Grading Policy: There will be a continuous assessment based on their performance in class and tests that will be taken at the end of every unit.

Homework Policy: Different types of projects will be assigned in order to review and develop a deeper knowledge of the contents. A Google classroom will be available to follow the different activities and assignments when a student can’t come to class.
