

## **SUPERVISION OF STUDENTS**

Principals shall provide for adult supervision for all school-sponsored activities before school, during recess and lunch periods, or after school whether or not they occur on school grounds.

Teachers and other adults designated as supervisors shall be responsible for the control of all students physically in their presence. This responsibility shall be assumed during all contact hours that a teacher or other designated adult supervisor is performing services on behalf of the school district, whether on district property or at school-sponsored activities off district property.
