Xello Work-Based Learning Network

How to translate Xello into Spanish

1. Log into Xello
   a) Log in to Clever at clever.com/in/Thompson. Click on Log in with Google and use your TSD student credentials.
   b) Under the College and Career section, click on the tile that says XELLO. It may be green or dark grey.
   c) You should now see your Xello Student Dashboard

2. Change the language setting from English to Spanish
   a) In the upper right corner of your dashboard, click on the green avatar or profile picture.
   b) From the menu that appears, click on Español (or the name of the language that appears there).
c) From the window that appears in the upper right corner, **click on the 3 vertical dots** and then click “**Choose another language**”
d) Select the language and click Done.
