\*Prices will vary depending on where you are shopping.

\*Better prices can be found if you have access to electronic readers; such as Nook, Kindle, iTunes, etc. This is an option for all students as long as you have access to your reader in class.

\*You may choose to buy used books. This will allow you to find better prices than buying new ones.

\*We will use the textbook *Everything's an Argument* starting the very first day of class; however, the paperback books are listed in the order we will read them during the year.

\*If financial circumstances prevent you from buying these books, please contact Mr. Pitts. We will make arrangements to loan you the books.
