Re: [this is optional; identify position name and reference #]

Dear Mr./Ms. Contact Name:

First Paragraph:
Let the reader know how you learned about the position – especially if you were referred by a person known to the employer. Demonstrate that you know the company and explain why you are excited/interested in the position.

Second Paragraph:
Use this space to address why you are the best person for the job. Show them that you have the skills, experience, abilities, and personal strengths required to be successful in the job. Identify what they need and how you will fill that need. Refer to similar jobs you have had in the past and the accomplishments that relate to this job posting.

Third Paragraph:
Now it is time to get to the point – ask for the interview. State your intention to follow-up with a telephone call in order to answer questions they might have about your qualifications and to schedule an interview, or to simply advise them of your flexibility to the time and place for interviewing. Include day and evening contact information. Thank the reader for their time.

Sincerely,
