What does a typical full-day schedule look like to support student learning?

For students who are attending Boys & Girls Clubs for virtual instruction, we are prepared to help support student's learning throughout the day. Boys & Girls Clubs staff will provide space and time for students to get connected with their classroom instructor and will support students during lessons, should they need assistance. We ask that all students come to the Club prepared for virtual learning. All students need to bring their devices, supplies needed, headphones and class schedule.

What extra safety precautions and checks do you have in place to prevent the spread of COVID-19?

We are working with the Larimer County Health Department and the Thompson School District to ensure that all COVID-19 safety regulations are followed. Youth will be asked to wear a mask indoors and practice social distancing at all times and wash their hands frequently. Upon arrival, youth's temperature will be taken and they will be asked a series of questions related to symptoms. Any youth that temps above 100.4 or experiencing any COVID-19 symptoms, as listed by the CDC, will be sent home. Any symptoms will be monitored and if those symptoms are related to COVID-19 youth will be sent home. Youth or staff sick with COVID like symptoms are to have a doctor's note or a negative COVID-19 test to return, they also must be symptom free to return.
