Students Make A Difference Through Spring Events
The students who won the Spring 2022 Thompson Kids Can Change the World Contest are working on completing their projects. Genevieve Laferriere is organizing a “Day to Change Challenge” on April 21st at High Plains School in which students will pick up litter in the community and compete to see who can pick up the most litter. She hopes to institute this event across the entire school district for all TSD students to participate. By doing this, she wants to demonstrate that students care about their community and are taking environmental responsibility. If interested in helping with this event, please contact Nancy Payton at nancy.payton@tsd.org.

Emory Gordon, in collaboration with the Latinos United Club, is coordinating a cultural fair the week of February 27th - March 3rd at Mountain View High School. Diverse cultures will be represented through displays to share their backgrounds and promote greater understanding and appreciation of different cultures. Emory’s goal is to help unify our community. If interested in helping with this event, contact Stephanie Hindes at stephanie.hindes@tsd.org.
