

2017-18 STUDENT FEES

There are two types of academic fees district students are assessed; the instructional materials fee and the school fee. The instructional materials fees for the 2017-18 school year are:

Kindergarten	\$16.00 per student
Elementary School (grades 1-5)	\$32.00 per student
Middle School (grades 6-8)	\$25.00 per student
High School (grades 9-12)	\$28.00 per student

The instructional materials fee charged to a high school and middle school student is based on the purchase price and normal life expectancy of texts and items that are expected to last multiple years but still need to be replaced. The instructional materials fee charged to elementary school student is based on a combination of the purchase price and normal life expectancy of texts (used in intermediate grades), the actual cost of workbooks (used in primary grades) and consumable materials. The instructional materials fee is charged on a per-student basis and goes into the district's general fund for distribution to the curriculum budget for text purchases and schools for additional texts, replacement materials or consumable materials.

Students at all grade levels are also expected to have their own basic school supplies. A list of those supplies is available at each school. (Elementary school supply lists must not exceed \$30.00 per student.)

In addition to the instructional materials fee, the school fees listed below are charged to high school and middle school students based on the actual cost of consumable materials and supplies or the cost to rework materials to accommodate reuse. These fees are charged to students participating in specific classes and activities. These fees are deposited to each school's fee supported fund and are used for the purpose designated in the fee schedule.

Fees will be waived for students qualifying for free or reduced price school meals under the Federal Free or Reduced Price Meal Program. Fees will be prorated for students coming on or going off the meal assistance program during the school year.

Students may also be charged for optional materials that they select for class projects in addition to the Board adopted fees. Also, students may be required to pay for all or part of field trip costs relating to admission or entrance fees, meals and lodging.

In some high schools, fees are assessed by credits and half credits rather than by year of semester. Please check with the high school registration department.

The fee structure as adopted by the Board of Education is subject to annual change.

KINDERGARTEN TUITION

All of our elementary schools offer an all-day or extended-day kindergarten program. Full-day kindergarten tuition is \$2520 per year (scholarships may be available; talk with your school for details.)

State assisted programs; these schools receive state assistance to provide a tuition free core program for students living in that attendance area or for those which have been approved through open enrollment. Tuition may be required for enrichment classes.

ATHLETIC AND ACTIVITY FEES

Students who participate in secondary level athletics and some selected activities are required to pay a fee which is collected at the school. Fees will be waived for students qualifying for free or reduced price school meals under the Federal Free or Reduced Price Meal Policy. Fees are to be paid or waivers obtained prior to a student's participation in a sport or activity.

Participants who are cut or who quit an activity within 10 practice or school days will be reimbursed the full amount of the fee.

MIDDLE SCHOOL ATHLETIC/ACTIVITY FEES

\$20.00 per sport participation fee (intramural sports) – enrolled students

\$30.00 per sport participation fee (intramural sports) – non-enrolled students
