THANK YOU!

I wanted to thank you all for attending conferences (both in-person and virtually)! It was great to share all the wonderful things about your child. I would love to hear any feedback you have to improve our conferences.

Also, please know I am open to meet again if you would like. Please reach out via ClassDojo if you would like to schedule a time. 😊

BRRRRRRRRR IT'S GETTING COLD...

WOW! The temperature is sure starting to change! We almost ALWAYS go outside for our recesses and as we all know, Colorado weather can change pretty quickly! Please make sure your child brings/packs warm clothing so they are prepared for outdoor recess...especially when it gets cold! 🧢
HOMEWORK UPDATE

You may have noticed a NEW homework that has been added to your child's planner! It is called a reading response menu, and it goes with your child's nightly reading. Two responses are due a week (Wed. and Fri.). Your child may choose what response to complete based on what they are currently reading.

An example of a week of reading homework could look like:
Monday: Read
Tuesday: Reading Response
Wednesday: Read
Thursday: Reading Response
Friday: Iready reading lessons/games

MATH FACT FLUENCY AND HOW YOU CAN HELP!

We have officially learned multiplication and division for all numbers to 10! We are now working using our knowledge of base ten to multiply (think 7x2=14 and 70x20=140)

Continue practicing math multiplication facts nightly! Please reach out if you need math fact cards. Your child should have brought home a large stack of them (paper copies).

I am currently working on some short videos/tutorials to give you tools to help your child with their math at home! Be on the lookout for these videos!!😊
