MYP Freshman Community Projects
Inaugural Year for Community Projects a Big Success

This year our MYP Freshman class members researched a need in a community, and planned and carried out a fifteen-hour Community Project (CP). Students chose to complete this project either during the Fall (Oct.-Dec.) or Spring (Jan.-March) semester.

On Thursday, March 19, the MYP students who completed their projects this semester shared them at the Community Project Open House.

Mrs. Clark, the CP co-coordinator said, “I was so impressed by what our kids did for our projects and am excited to see how this affects their Personal Projects next year.”

Students chose to have this service be focused on one type of service:
1. Direct service
2. Indirect service
3. Advocacy
4. Research

Pictured above are Maggie S., who researched Peregrine Falcon reintroduction (research); Tri D. and Austin L., who volunteered the community kitchen (direct service); and Kaleb J., who held a Lego Drive for students at Winona Elementary (indirect service).

Thank you to all the students for their service and to the staff that served as their supervisors.

Fort Collins based SAGE (Studies Abroad for Global Engagement) will be leading a service trip to Nicaragua in June 2016. Students will be able to work in the fishing town of San Juan del Sur to work with a library and orphanage founded by Loveland native Jane Mirandette. Parent info meeting: April 15, 6:30pm LHS Media Center.

Community Youth Volunteerism Fair

Next October 5th, we will host a Community Youth Volunteerism Fair in the LHS Media Center. The goal is to connect students with local service organizations that inspire them. Students involved in service organizations at LHS and LEMS will be encouraged to attend.

Teacher’s Corner:

IB Spanish III students are comparing and contrasting interview questions in Spain and the United States. They are learning that many questions are similar as well as that questions appropriate in Spain are not allowed in the United States!
