SCHOOL YEAR/SCHOOL CALENDAR/INSTRUCTION TIME

The Board of Education is responsible for adopting the district calendar. Prior to the end of the year, the Board shall determine the length of time during which district schools shall be in session during the next school year. The number of hours/days of planned teacher-student instruction and of teacher-student contact shall be consistent with the Board’s definition of “actively engaged in the educational process,” shall meet or exceed the requirements of state law, and shall include a sufficient number of days to allow the superintendent flexibility in preparing a calendar that supports the district’s educational objectives.

The Board defines “actively engaged in the educational process” as time when students are working toward achieving educational objectives under the supervision of a licensed teacher, including:

- Classroom instruction time
- Individual student work time while at school including study hall
- School-related field trips
- Assemblies
- Assessment days, including finals, and state assessments
- Transition days, including days when the entire student body may or may not be present
- Passing periods between two classes and between classes and lunch period if supervised

“Actively engaged in the educational process” shall not include:

- Lunch
- Time students spend before school waiting for classes to begin and time after the last class of the day, including waiting for the bus
- Recess time
- Teacher preparation time
- Graduation ceremonies
- Parent-teacher conferences

Supervision by a licensed teacher shall not require that the teacher be in the student’s physical presence at all times, but that the teacher is exercising direction and control over the nature of the student’s activities.

It shall be the responsibility of the building administrator to maximize instructional time and calendar issues in the context of supporting the district’s educational objectives.

The Board has authorized a district calendar committee, which shall consist of volunteer representatives of parents, classified, licensed and administrative staff members, and one Board member (ex-officio member). The superintendent shall appoint an administrator to chair this committee. By October of the year of the previous calendar, the committee shall present one or more school calendar proposals for Board adoption. The calendar may be for one or more school years. Any requests for variances will be reviewed by the calendar committee. Approved requests will be included in the committee’s recommendations to the Board.

The calendar shall include the dates for all staff in-service programs scheduled for the coming school year. The administration shall allow public input from parents and teachers prior to scheduling the dates for staff in-service programs.

A copy of the calendar shall be provided to all parents/guardians of students enrolled in district schools. Any change in the calendar except for emergency closings or other unforeseen
circumstances shall be preceded by adequate and timely notice of no less than 30 days.

State law establishes the school year as 1080 hours of planned teacher-student instruction for secondary school students (high school grades 9-12, middle school grades 6-8); 990 hours of such instruction for elementary school students other than kindergartners (grades 1-5); 900 hours of such instruction for a full-day kindergarten program; 450 hours of such instruction for a half-day kindergarten program; and 360 hours of such instruction for the Colorado Preschool Program. The actual hours of teacher-student instruction may be reduced for parent/teacher conferences, staff in-service programs and closings due to student health, safety or welfare concerns to 1056 hours for secondary students; 968 hours for elementary students other than kindergartners; 870 hours for full-day kindergarten students; 435 hours for half-day kindergarten students; and 351 hours for pupils enrolled in the Colorado Preschool Program. In no case shall a school schedule fewer than 160 days without specific prior approval of the commissioner of education.
