MVHS Responsible Use Policy

TSD iPads are loaned to students to be used as learning tools. Specifically, students will use the devices to participate in classes at MVHS, access materials online, complete and turn in assignments. Additionally, students may use them as directed by teachers within classrooms, including email, Schoology and using other school specific apps.

Students agree to be responsible users by understanding the expectations, following them and asking for help when they need it. Students also agree, in writing, to the iPad Use Pledge, explained during iPad distribution.

Students whose parents opted to allow iPads to go home with them must follow the school rules at school and the parental expectations at home. Parents have every right to monitor their student(s) in the use of the iPad, including knowing the passcode, checking for inappropriate content and setting rules they deem necessary.

iPad Use Pledge

1. I will be responsible for the iPad. That means I will bring it to school every day, charged and ready to use. I will keep the TSD iPad protected in an approved case.

2. I will have “Find My iPad” enabled at all times.

3. I will use the iPad for school, not for entertainment. That means I will not download or access anything that is not school appropriate.

4. I will respect myself and others when I use the iPad. That means I will follow the rules of etiquette, and I will use the iPad ethically, following the digital laws and district rules.

5. I will protect myself and others when I use the iPad. That means I will respect the rights of others to privacy, I will take responsibility for backing up my data and I will keep my account information secure and not share it with other students.
