Thank you parents and students for participating our in annual fundraiser. Our Color Run was successful and all participants were tired and well colored. We want to take a moment to acknowledge all of the hard work and time our Turner Parent Volunteer group committed.

As we move into our 2nd quarter, students in Core-X will change into a new course. Our Seminar classes continue into this quarter as students work on their presentations of learning and projects. Students will be reflecting on their successes and areas of improvement for 1st quarter during their advisory, PRO, time. Mark your calendars for our Winter Showcase 12/18 from 5:30-6:30 where students will have an opportunity to share out their learning experiences.

Our counselors have been meeting with students to continue to discuss bullying vs. student conflict. As you are talking with your student at home, please encourage them to share with you the positives and negatives of their day. If there is a continued concern, ask your student to go and see one of our counselors. If your student is reluctant to speak with a counselor, please contact our counseling or administrative department to share the concern. Information is the key for us to impact our climate and culture. The more we know the more we can provide students with strategies and hold accountable those behaviors that do not support a positive learning environment.

WHAT’S NEW IN 7TH GRADE

The 7th grade team has had a couple of exciting projects that are just wrapping up. In social studies students completed a group project in which they used the 5 themes of geography and their map skills to create a post apocalyptic zombie camp which they then used to answer questions.

Another fun activity that has taken place in 7th grade is a math project where students used mathematics to design a theater.
